

# Next-Generation Messaging and Collaboration for Your Organization

Zimbra Collaboration Suite (ZCS) solves the challenges facing today's organization. ZCS provides an innovative experience designed to manage large inboxes, works with all desktops and devices, significantly reduces administration complexity, and is an open technology platform which easily integrates your mission critical services.

*"Zimbra provides our 33,000 students, faculty, and staff one email and calendar solution across all the different desktop environments."*

— Bruce Maas, CIO  
University of Wisconsin-Milwaukee
